

Controller/Finance Officer  
Sacramento Area  
Open until filled  
Salary: Negotiable DOE

As the Tribal Financial Officer, the controller will direct the Tribal government's accounting function, financial reporting, financial planning, and budgeting.

Key elements of the position would include coordinating the budgeting process with Tribal Council, monitoring the operation of the accounts payable and purchase order system, and monitoring operation of the Tribal payroll system.

Additionally, the position would include contact and coordination with outside agencies negotiating and doing business with the Tribe.

Minimum qualifications would include a bachelor's degree in accounting or related field; professional accounting certification as a CPA or equivalent; experience with government reporting software; and management level experience in the Tribal government field.
